HISTORY

Hispanic Business Students Association

Organized in 1974, the Hispanic Business Students Association (HBSA), Arizona State University mission is to provide Hispanic students with educational opportunities, career options in business, and association with students who have different goals but mutual interests.

OVERVIEW

HBSA is a diverse and rewarding organization filled with numerous opportunities for its members to grow into successful professionals and individuals. HBSA offers more than simply working and academic benefits; the club prides itself on giving students at ASU a home away from home with a familia environment. Our members thrive in HBSA not only by gaining skills and connections, but also by building relationships that can last beyond university life.

MISSION

The mission of the Hispanic Business Students Association is to prepare our members to be future leaders, serve our communities, promote diversity, and create a progressive learning environment.

We strive for continued personal, professional, and academic growth, which occurs through education, experience, and leadership opportunities. With continued support from the community, corporate sponsors, our university, and faculty, we will succeed in accomplishing our mission.

OBJECTIVES

- To increase the number of Hispanic students who receive a professional degree.
- To develop leadership and business skills among Hispanic students of all academic disciplines.
- To utilize technology as a form of communication and education.
- To promote Hispanic culture and provide social interaction among all students at Arizona State University.

In the summer of 2022, Arizona State University was named a Hispanic-Serving Institution (HSI) by the U.S. Department of Education. ASU's increased Hispanic enrollment reflects their commitment to increase the diversity of its student body and to the success of the Hispanic community.

HBSA is the largest active Hispanic organization offered to all ASU students.

Through motivated and determined students, we continue to evolve as leading executives, managers serving in operational roles, and also have HBSA alumni. We are counting on your support as we continue to work towards seeing this vision as a reality.

Invest in HBSA, we are Arizona's future!
